10 More, 10 Less - 1 More, 1 Less GAMES

10 More and 10 Less GAME Who Has IT?

Kids learn quickly about 10 MORE and 10 LESS

BRAIN BREAKS INCLUDED

Game Cards & Directions

1 More and 1 Less

GAME

Who Has IT?

You Need: (2 sets of cards, the large and small)
Laminated and Cut

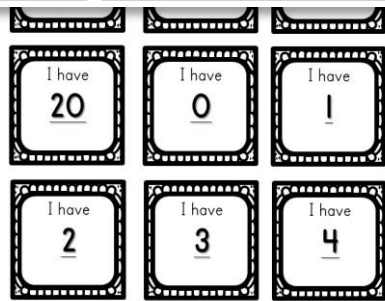

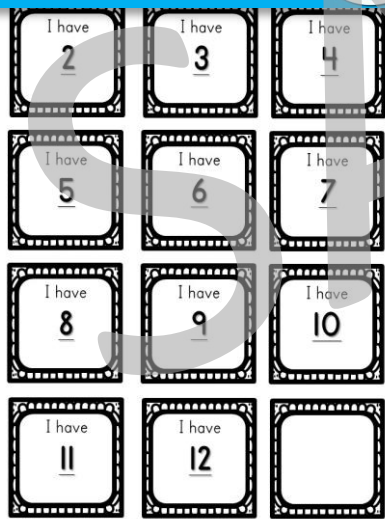

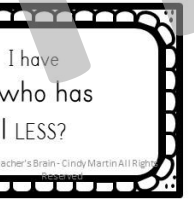

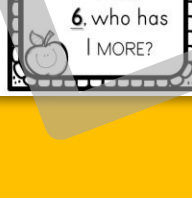

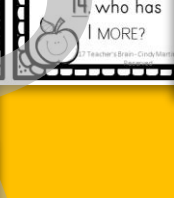

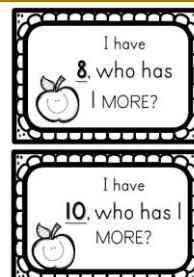

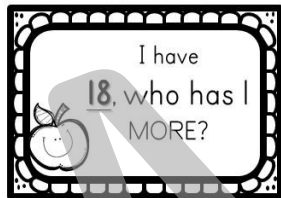

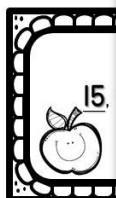

Directions: Choose 3 to 8 people to play with you. Shuffle the cards first. Keep the large cards in the pile face down. Shuffle small number cards. Pass the small cards out equally. Students may look at those. One person starts by flipping a large question card over and reading it. ("I have 5. Who has 1 MORE?") Players check their answer cards. Say the answer out loud. The one who has the answer keeps the card behind their back on the floor or chair. Next person turns a card over. Repeat until finished. Count your cards at the end to see who has the most.

- There are 4 BRAIN BREAKS cards in the game. These count as a turn.
- Some times players may have more than one card, other times no one will have any cards. Keep playing until all the small player's cards are gone.
