

Biography Book Report

Dear Teachers,

Thank you for downloading this writing activity! I hope you enjoy it as much as I do! Biographies are an important part of reading in the upper elementary grades. This packet is perfect for helping your students demonstrate their understanding of biographies they have read. This provides a built-in connection between events.

(CCSS.ELA-Literacy.CCRA.R.3: Informational Text. W.4.2, RI.3.1, RI.2.3 CCRA.R10)

Directions:

Have students choose a biography book to read. Discuss with students that following a person's life through historical events will help students to see the cause-and-effect behind the events. Then, have them fill out the report. This is usually a week long unit after the child reads the biography. Pages 7 and 8 are for students to make a summary of the entire book. I included intermediate and primary lined paper to suit your needs. There is also a rubric, writer's award, and a poster to hang in the room for students to use as a reference during the writing unit. The last pages are graphic organizers. Students can add information to the form easily while reading. There is one portrait page to draw the person, cut it out and add it to one of the graphic organizers. Have fun!

This image shows a blank sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. On the left side, there is a vertical strip of yellowed, textured material, possibly representing a book binding or a piece of aged paper. The overall appearance is that of a clean, unused notebook page.
