Suggested First Day of K Activities:

I like to use hands-on activities most of the day in Kindergarten. This is how my first day usually looks:

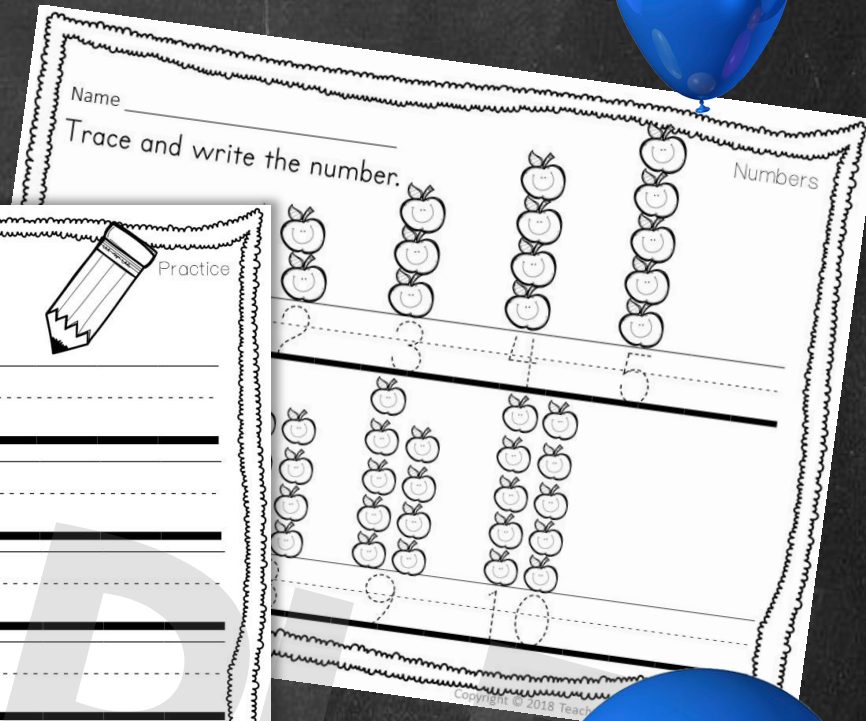

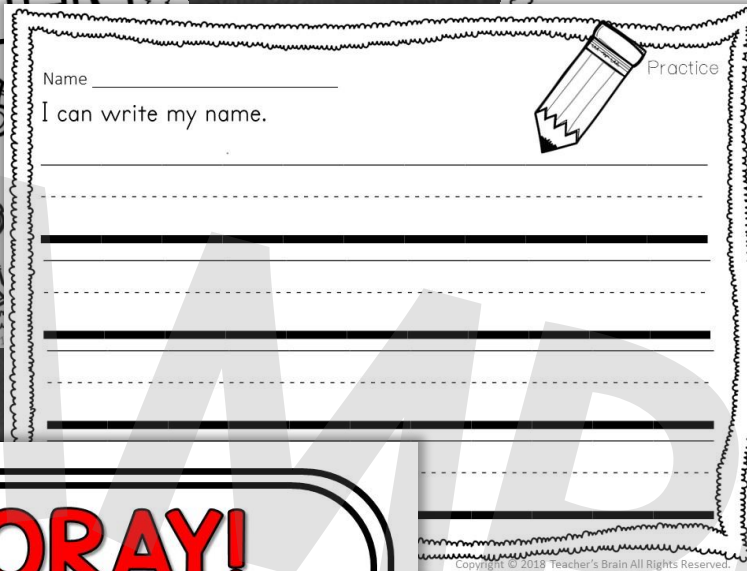

- Introductions (Ice Breaker Activities, Campus Tour & Expectations)
- Photo with Kindergarten Frame (While others are exploring with play dough.)
- Read a Book (*Mrs. Bindergarten's Gets Ready for Kindergarten* is a good one. You can find this on YouTube too.)
- I like to see how many students know their colors, numbers and how to write their name with the printables provided as a quick assessment.
- Let them explore with three simple centers that are all hands-on. (blocks, drawing, tangram puzzles, sensory bins or books)
- Read *The Kissing Hand*
- Color the Welcome to Kindergarten Printable
- Share about themselves during Circle Time
- Movement with Songs (*Good Morning Song* by Jack Hartmann is a favorite), Calendar
- Create a How We Are GOING HOME Poster

Directions for Photo Frame: Print on cardstock, Cut, Glue

There is MORE

14 Printables

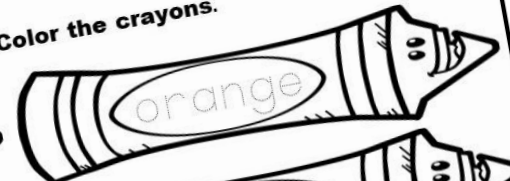

Students can write about their first day. Use the printables for a quick assessment.

NAME _____ First Day of K

Write about your first day in Kindergarten.

Name _____

Trace the words. Color the crayons.

What is your favorite color? _____
