Plan for the Superhero Themed Day

CENTERS:
https://www.youtube.com/watch?v=QwtpWXmRLtA TEN HOURS of Superman Themed MUSIC to play in the background during the day.
*I ask students to come dressed as a superhero this day. I also dress up.

1. Make a Superhero Training ID Badge with Fingerprint - I usually do this whole group prior to centers, but it could be a center instead. Display the Superhero Name Training Poster (about alliteration) at the center. Review the poster. Have students come up with different name examples. Pass out the Name Training printable. After they complete the name examples, have them pick one for themselves. Use the ID Training Badges for the students to create and add a fingerprint. Have them raise their hand and promise to be a good superhero.
2. Provide students props (wigs, mustaches, hats, masks) to make an identity for themselves. Students choose a SUPERHERO Alias to memorize from the 4 profiles provided. Memorize it, and be questioned by the "authorities" by filling out the "What Do You Remember" printable. (Or you can have a volunteer ask them about their identity.) If they can't memorize it, give them more chances to practice their identity.
3. Superhero Photo Booth (Use props provided, just cut out and add sticks for students to easily hold.) Have a parent take pictures that
