STEM ACTIVITY

Read the Poem. Students add their 5 PUMPKINS

Five Little Pumpkins

Five little pumpkin sitting on a gate.
The first one said, "Oh my, it's getting late."
The second one said, "There are witches in the air."
The third one said, "I don't care."
The fourth one said, "Let's run and run and run."
The fifth one said, "It's Halloween fun!"
Then, OOOooooo went the wind,
And OUT went the lights!
And five little pumpkins rolled out of sight!

5 Pumpkins Planning

STEM Gate Building DIRECTIONS

Give students materials to build a gate. Ideas include pipe cleaners, sticks, straws, toothpicks, blocks, connecting cubes, cardboard or keep it all edible with marshmallows or stackable candy. Students should use the one of the planning pages prior to building the gate. Include math by making them count materials they use to put in their reflection page. Have students test the gate by placing 5 candy pumpkins on the gate.
