CONTINENTS & OCEANS
INTERACTIVE NOTEBOOK

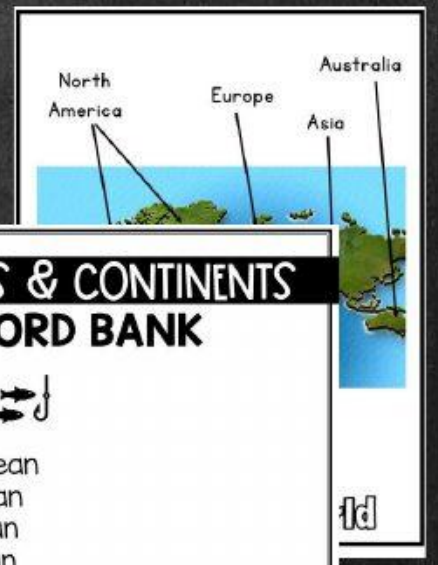

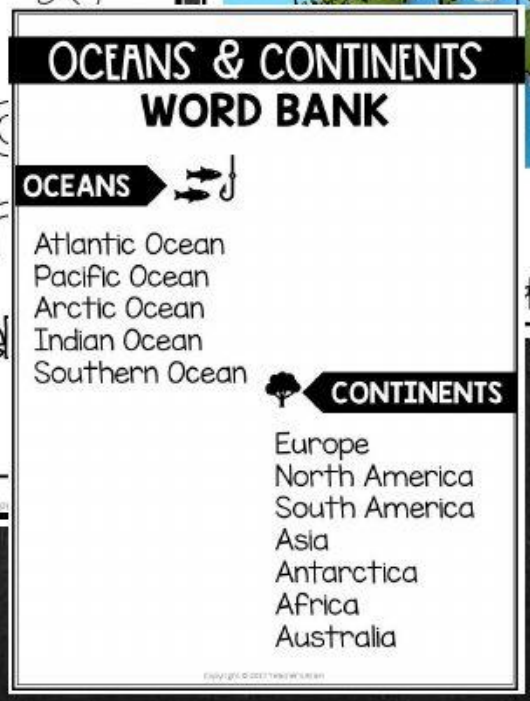

WITH LESSON PLAN

Help students learn about the oceans and continents!

NOTEBOOK COVER

INCLUDED:

- 24 Page PDF
- 1 Week Plan
- Photo Examples
- Posters
- Fast facts

5 DAY PLAN

SUGGESTED PLAN

Continents and Oceans Interactive Notebook

Day 1– As a hook, SaFe Share Seven 7 Continents Interesting Facts For Kids 6 min. VIDEO on YouTube or 5 Oceans Song (kids cartoon - 3 min.) Share a book about Oceans or the Continents with your class. Have the Interactive Notebook already put together. Share the two posters with your class. Pass out Pg 6-7. Have them cut out the pocket and the 12 tabs on page 7. Students should be able to remove the 12 tabs from the pocket. (see sample picture.) You can have them use the tabs to sort the oceans from the continents or use them as writing prompts in the future.

Day 2 – Review the two posters. Re-play the video. Use Pg 5 to teach The Continents Song. List and discuss the 5 Oceans. Explain how the Southern Ocean is the newest named ocean. Read the Ocean Facts (pg. 8) to your students. Pass out pg. 9 and follow the directions for the Interactive Notebook page.

Day 3 - Review the two posters with the class. Practice the Continent Song. Share page 10, Quick Continent Facts with your class. Google "images of Oceans" to share what all the different types of oceans look like in different area. (Get a frozen ocean picture.) Pass out pg 11. Students will cut the seven tabs to fold back to reveal some facts they will write under each continent words.

Day 4 -Review the posters. Practice the Continent Song. Have the students look at page 12 and find the 7 continents together. Then, pass out pg 13 to have the students use in their interactive notebook to label the continents using the word bank. Under the map, they can write just the continent they live on or for older students, a fact about their continent.

Day 5– Practice The Continent Song, review the posters, and pass out page 14 for the Interactive Notebook. Students will trace the ocean names, cut, and glue the center down, leaving the 4 half circles to fold. Use the OCEANS title, if you want them to at the top of the notebook page.

•An INTERACTIVE JOURNAL is provided, but you can use any journal to create an Interactive Journal. If not, see my sample pages at the end of the download.

5 BLANK PAGES TO CREATE YOUR OWN NOTEBOOK WITH A COVER, WORD BANK AND RUBRIC.

INCLUDED 5 FOLDABLES
QUICK FACTS TO USE WITH NOTEBOOK PAGES.

SUB PLANS
MORNING WORK
HOMEWORK

QUICK OCEAN FACTS

Arctic Ocean- The smallest and shallowest of all five oceans. Most of the year, the water is solid ice hundreds of feet thick.

Southern Ocean - The newest named ocean.

QUICK CONTINENT FACTS

Antarctica - The coldest place on EARTH. The windiest continent, and it contains no countries.

ASIA - The most
largest continent.

Australia - The sm
one country.

Africa - It has th
largest desert. (T

South America -
and has the highes
Chimborazo in Ecu

North America -
and home to Canc
America. It is the
every kind of clim

Europe - The only
a desert. Vatican
country, is in Euro

5 OCEANS

Write a fact about each ocean.

I can identify 5 oceans.

Arctic

Pacific

Atlantic

Indian

Southern

Label the Continents

Directions: Color the continents green. Use the words in the word bank to fill in the blanks. Cut, and glue the top in your journal. Fold the dark dotted line. Write the continent YOU live on under the map.

Word Bank

North America South America Africa Europe
Asia Australia Antarctica

Map of the World
